

MIDDLE LEVEL MATH ENDORSEMENT OR FULL MASTER'S OPPORTUNITIES NOW AVAILABLE

Teachers interested in Middle Level Math can earn their Endorsement **BEFORE** ISBE changes the middle level teaching requirements in January 2018.

The Chicago Teachers Union Foundation Quest Center has partnered with National Louis University to offer online programs in Middle Level Mathematics designed for teachers looking to improve student-learning outcomes while developing the skills and qualifications to teach in a variety of settings. This opportunity provides you with a strong background in the mathematical concepts, methods and theories needed for teaching mathematics to middle grade students.

Earn your Endorsement or Master's from NLU if you are looking for:

- a high-quality, career-focused curriculum designed and taught by expert faculty, including CTU members;
- an online program that provides the flexibility you need as a teacher; and
- the opportunity to study in a program along with your colleagues from CTU.

Master's Degree Option

Students interested in the Middle Level Math Endorsement and who want to earn a full Master's degree may enroll in NLU's M.Ed. in Specialized Endorsements. Contact NLU Enrollment Assistant Director Melanie Fernandez at melanie.fernandez@nl.edu or call 800-443-5522 x4430 for details.

Receive a 20% Discount

Earn your Middle Level Math Endorsement in just three terms and receive a 20% tuition discount off of the cost of other NLU programs. Enroll in the full Master's, and you will also be eligible for grants and scholarships available only to degree-seeking students.
